

**EAGLE LAKE ESTATES HOMEOWNERS ASSOCIATION**  
**Architectural Control Committee**  
**6900 Daniels Pkwy**  
**Suite 29-336**  
**Fort Myers, FL 33912**

**FOUNTAIN, POND, & OTHER WATER FEATURE GUIDELINES**

**Types Permitted:**

- Fountains & other water features can be in-ground or free-standing.
- Ponds are not to be more than 6 feet in diameter at the widest part.
- All are to be the proper size for the landscape area where placed.\* **See Note Below**

**Locations:**

- Front/Rear Yard: Within landscaped areas abutting the home, or within landscaped area focal points not abutting the home. \* **See Note Below**.
- NOT to protrude past the home on either side.\* **See Note Below**
- Fountains or other water features that are larger than the surrounding plants should be positioned as the Focal Point in the landscape area.

**Conditions:**

- A picture or diagram of the proposed Fountain, Pond, or Water Feature - showing the location and size specifications – must be submitted with the Request Form.
- Architectural Control Committee members will make a final inspection.
- All must be kept in good working order.

**\* NOTE Homeowners and ACC members may need to work together on placement and size of a water feature since lot size and shapes differ.**
